INDEX TO VOLUME NINETY-SEVEN

July, 1944—June, 1945

—A—

Agee, Owen F.—The treatment of early syphilis by means of eight weeks' mapharsen therapy with bismuth 134
Aging, the physiologic and clinical phenomena of, by Ernst P. Boas 64
Alexander, Lucian W.—Sinus disease producing monocular proptosis 351
Amebiasis, treatment of, by Juan Arosemena 392
Aneurysm, dissecting, of the aorta in a boy, by J. W. McLaurin 317
Arosemena, Juan—Treatment of amebiasis 392
Arrhenoblastomata, ovarian, by C. Gordon Johnson 526
Ascorbic acid intake, inadequate, the effects of, by Henry R. Hyslop 452

—B—

Bendel, William L.—Pelvic inflammatory diseases 248
Billings, Terrece E.—The combined use of fever and chemotherapy in syphilis 127
Blood transfusion substitutes: present status, by Gordon A. Nicoll 211
Boas, Ernst P.—The physiologic and clinical phenomena of aging 64
Bodenheimer, Jacob M.—Ruptured intestines, the results of non-penetrating trauma 383
Book reviews 38, 87, 148, 192, 240, 288, 332, 381, 431, 477, 520, 570
Boyce, Frederick Fitzherbert—Further observations on carcinoma of the stomach in a large general hospital 217
Bronchoscopy, the diagnostic and therapeutic possibilities of bronchoscopy, by George J. Taquino 291
Brown, R. Alec—Thirty-five millimeter fluorography in mass chest x-ray surveys 4
Browne, Donovan C.—(Joint author), see McHardy, Gordon 501
Brucellosis, general considerations of, by Harry J. Schmidt 256
Burch, George E.—A clinico-pathologic conference (Burch, Dunlap) 504
Burns, Edgar—Prostatic obstruction and some of its common complications 243

—C—

Cancer clinic at Charity Hospital, yearly report of the, by Alton Ochsner and Maxwell F. Kepl 277
Cannon, Paul R.—Food: facts and fads 17
Carcinoma of the larynx, by Francis E. LeJeune 298
Carcinoma of the stomach, in a large general hospital, further observations on, by Frederick Fitzherbert Boyce 217
Carruthers, F. Walter—Management of certain types of fractures involving the shaft of long bones 197
Cataract surgery, important considerations in, by George M. Haik 345
Cellulitis, orbital, with severe cerebral symptoms, by Jerome Romagosa and G. D. Rackley 276
Chaillé, Doctor Stanford E., in memoriam, by Thomas S. Kavanagh 433
Chemotherapy, local and systemic, and its relationship to the fundamental requirements of compound fractures, by H. Winnett Orr 201
Chest x-ray surveys, thirty-five millimeter fluorography in, by R. Alec Brown 4
Clinico-pathologic conference, Charity Hospital, New Orleans 72
Clinico-pathologic conference, Charity Hospital, New Orleans 227
Clinico-pathologic conference, by George E. Burch and Charles E. Dunlap 504
Clinico-pathologic conference, by J. L. Wilson and C. E. Dunlap 552
Colitis, atypical amebic, by Daniel N. Silverman and Alan Leslie 435

—D—

D'Antoni, Joseph S.—The dysenteries 101
Dempsey, C. S.—(Joint author), see Musser, J. H. 180
Diagnosis and treatment of medical emergencies, by Maridel Saunders 531
Diagnosis of disease without instruments of precision, by Ralph H. Major 49
Diarrheal disorders, acute, the diagnosis and treatment of, by James Watt 438
D'Ingianni, Vincente—Intestinal obstruction following the use of cotton 322, 503

Disks, ruptured intervertebral, by John D. Lane 270
Dunlap, Charles E.—(Joint author), see Burch, George E. 504
Dunlap, C. E.—(Joint author), see Wilson, J. L. 552
Dysenteries, the, by Joseph S. D'Antoni 101

—E—

Eddy, James H., Jr.—March fracture in industry 171
Editorials 30, 79, 140, 182, 232, 279, 324, 370, 420, 466, 510, 560
Encephalitides of North America, the arthropod-borne, by J. L. Henderson 22
Endocrinologicus, status, by Leonard B. Shpiner 205
Englehardt, H. T.—(Joint author), see Sodeman, W. A. 307

—F—

Faust, Ernest Carroll—Filariasis and schistomiasis 115
Faust, Ernest Carroll—Tropical medicine in the United States as a result of the war 93
Felknor, George—(Joint author), see Pullen, R. L. 359
Fever, Rocky Mountain spotted, by R. L. Pullen, W. A. Sodeman, and George Felknor 359
Filariasis, a future problem in the United States, by Charles D. Knight 406
Filariasis and schistomiasis, by Ernest Carroll Faust 115
Food: facts and fads, by Paul R. Cannon 17
Food poisoning, by George H. Hauser 362
Fractures, compound, chemotherapy, local and systemic, and its relationship to the fundamental requirements of, by H. Winnett Orr 201
Fractures involving the shaft of long bones, management of certain types of, by F. Walter Carruthers 197
Fracture, march, in industry, by James H. Eddy, Jr. 171
Fracture of the patella—analysis of 150 cases at Charity Hospital, by Lyon K. Loomis 173

—G—

Gaines, Shelley R.—The value of central field studies over the conventional type of visual field studies 176
Gall stone ileus, by Gordon McHardy and Donovan C. Browne 501
Geiger, J. C.—The health department of the future 479
Green, Marvin T.—Milker's nodule 13
Gynecology, pediatric, some problems of, by Bernard Weinstein 495

—H—

Haik, George M.—Important considerations in cataract surgery 345
Hauser, George H.—Food poisoning 362
Headache, certain etiologic factors concerned with, by Edgar Warren 389
Health department of the future, the, by J. C. Geiger 479
Heart disease in the Charity Hospital, the incidence of the several etiologic types of, by J. H. Musser and C. S. Dempsey 180
Hemoflagellate infections, by Harry A. Senekjie 112
Henderson, J. L.—The arthropod-borne encephalitides of North America 22
Hypertension, pathogenesis of, by Wyman P. Sloan, Jr. 457
Hyslop, Henry R.—The effects of inadequate ascorbic acid intake 452

—I—

Infant, premature, care of the, at Charity Hospital, by Hazel Pierce and Wallace Sako 163
Ileus, gall stone, by Gordon McHardy and Donovan C. Browne 501
Intestinal function, the effect of vitamins on the, by L. D. Wright, Jr. 400
Intestinal obstruction following the use of cotton, by Vincente D'Ingianni 322, 503
Intestines, ruptured, the result of non-penetrating trauma, by Jacob M. Bodenheimer 383

—J—

Johnson, C. Gordon—Ovarian arrhenoblastomata 526

—K—

Katz, Robert A.—Peptic ulcer: psychosomatic and medical aspects 262
Kavanagh, Thomas S.—In memoriam, Doctor Stanford E. Chaillé 433
Keloids and scars, production and treatment of, by Wallace Marshall 15
Kepl, Maxwell F.—(Joint author), see Ochsner, Alton 277
King, E. L.—The role of roentgen pelvimetry in the management of pelvic contraction 302
Knight, Charles D.—Filariasis, a future problem in the United States 406
Knight, Harry C.—The present status of the five day intensive treatment of syphilis 131
Kolmer, John A.—Syphilis, the great masquerader 335

—L—

Lane, John D.—Ruptured intervertebral disks 270
Larynx, carcinoma of the, by Francis E. LeJeune 298
Leslie, Alan—(Joint author), see Silverman, Daniel N. 435
Levy, Walter E.—Special aspects of prenatal care 521
Loomis, Lyon K.—Fracture of the patella—analysis of 150 cases at Charity Hospital 173
Louisiana State Medical Society News 34, 85, 145, 188, 237, 284, 330, 376, 426, 472, 516, 566

—Mc—

McHardy, Gordon—Gall stone ileus (McHardy, Browne) 501
McLaurin, J. W.—Dissecting aneurysm of the aorta in a boy 317

—M—

Major, Ralph H.—The diagnosis of disease without instruments of precision 49
Malaria, by A. J. Walker 98
Malaria in military personnel, recurrent, by William D. Stubenbord 120
March fracture in industry, by James H. Eddy, Jr. 171
Marshall, Wallace—Production and treatment of scars and keloids 15
Matas, Rudolph—The permanent presence of specific immunizing antibodies in the blood of yellow fever subjects 9
Medical education, some postwar problems in, by Lewis H. Weed 43
Medical emergencies, diagnosis and treatment of, by Maridel Saunders 531
Meningitis, comparison of incidence and treatment of, over a ten year period, by H. E. Rollings and J. H. Musser 445
Metz, Waldemar R.—The doctor and specialized medicine 151
Miller, Albert—The distribution and epidemiology of important tropical diseases of the war areas 93
Moss, Emma S.—(Joint author), see Palik, Emil S. 153
Musser, J. H.—The incidence of the several etiologic types of heart disease in the Charity Hospital (Musser, Dempsey) 180
Musser, John H.—(Joint author), see Rollings, H. E. 445

—N—

Napier, L. Everard—The rickettsia diseases: yellow fever; dengue and sandfly fever 108
Nelken, Sam—What makes medicine psychosomatic? 319
Nicoll, Gordon A.—Blood transfusion substitutes: present status 211
Nodule, milker's, by Marvin T. Green 13

—O—

Obstruction, intestinal, following the use of cotton, by Vincente D'Ingianni 322, 503
Ochsner, Alton—Yearly report of the cancer clinic at Charity Hospital (Ochsner, Kepl) 277
Organization Section 32, 82, 142, 185, 234, 281, 327, 373, 423, 468, 512, 562

Orleans Parish Medical Society Transactions....33, 187, 236, 283, 328, 375, 425, 470, 514, 564
Orr, H. Winnett—Chemotherapy, local and systemic, and its relationship to the fundamental requirements of compound fractures.... 201
Ovarian arrhenoblastomata, by C. Gordon Johnson 526

—P—

Palik, Emil E.—Rabies (Palik, Moss).... 153
Patient-physician relationship, the, by T. A. Watters 122
Pediatric gynecology, some problems of, by B. Bernard Weinstein 495
Pelvic inflammatory diseases, by William H. Bendel 248
Pelvimetry, roentgen, the role of in the management of pelvic contraction, by E. L. King.... 302
Phlebothrombosis, aseptic antenatal, by Melvin D. Steiner 385
Pierce, Hazel—Care of the premature infant at Charity Hospital (Pierce, Sako).... 163
Pizzolato, Philip—The blood supply of the sternum 71
Pneumoperitoneum in the treatment of pulmonary tuberculosis, by B. M. Stuart, R. L. Pullen, J. L. Wilson.... 61
Poisoning, food, by George H. Hauser.... 362
Poliomyelitis, clinical evaluation of an intradermal test for, by Carlos Ramirez.... 58
Postwar problems in medical education, some, by Lewis H. Weed.... 43
Prenatal care, special aspects of, by Walter E. Levy 521
Proptosis, monocular, sinus disease producing, by Lucian W. Alexander.... 351
Prostatic obstruction and some of its complications, by Edgar Burns.... 243
Psychosomatic, medicine, what makes, by Sam Nelken 319
Pullen, R. L.—(Joint author), see Stuart, B. M.... 61
Pullen, R. L.—Rocky Mountain spotted fever (Pullen, Sodeman, Felknor).... 359

—R—

Rabies, by Emil E. Palik and Emma S. Moss.... 153
Rackley, G. D.—(Joint author), see Romagosa, Jerome 180
Ramirez, Carlos—Clinical evaluation of an intradermal test for poliomyelitis.... 58
Rickettsia diseases: yellow fever; dengue and sandfly fever, by L. Everard Napier.... 108
Rocky Mountain spotted fever, by R. L. Pullen, W. A. Sodeman, and George Felknor.... 359
Roentgen pelvimetry in the management of pelvic contraction, the role of, by E. L. King.... 302
Rollings, H. E.—Comparison of incidence and treatment of meningitis over a ten year period (Rollings, Musser) 445
Romagosa, Jerome—Orbital cellulitis with severe cerebral symptoms (Romagosa, Rackley).... 276

—S—

Sako, Wallace—(Joint author), see Pierce, Hazel 163
Saunders, Maridel—Diagnosis and treatment of some common medical emergencies.... 531
Scars and keloids, production and treatment of, by Wallace Marshall.... 15
Schistomiasis and filariasis, by Ernest Carroll Faust 115
Schmidt, Harry J.—General considerations of brucellosis 256
Senekjie, Harry A.—Hemoflagellate infections.... 112
Shpiner, Leonard B.—Status endocrinologicus.... 205
Silverman, Daniel N.—Atypical amebic colitis (Silverman, Leslie) 435
Sinus disease producing monocular proptosis, by Lucian W. Alexander.... 351
Sloan, Jr., Wyman P.—Pathogenesis of hypertension 457
Socialized medicine and the doctor, by Waldemar R. Metz.... 151
Sodeman, W. A.—(Joint author), see Pullen, R. L. 359
Sodeman, W. A.—The causes of syncope with special reference to the heart (Sodeman, Engelhardt) 307
Steiner, Melvin D.—Aseptic antenatal thrombophebitis (phlebothrombosis) 385
Sternum, the blood supply of the, by Philip Pizzolato 71
Stewart, Chester A.—The evolution of tuberculosis in the human lung.... 1
Stuart, B. M.—Pneumoperitoneum in the treatment of pulmonary tuberculosis (Stuart, Pullen, Wilson) 61
Stubenbord, William D.—Recurrent malaria in military personnel 120

Symposium on intensive methods of treatment of early syphilis, see Billings, Terrece E.; Knight, Harry C.; Agee, Owen F. 127
Symposium on tropical medicine, see Faust, Ernest Carroll; Miller, Albert; Walker, A. J.; D'Antoni, Joseph S.; Napier, L. Everard; Senekjie, Harry A. 93
Symposium on tuberculosis, see Stewart, Chester A.; Brown, R. Alec 1
Syncope, the causes of, with special reference to the heart, by W. A. Sodeman and H. T. Englehardt 307
Syphilis, early, symposium on intensive methods of treatment of, see Billings, Terrece E.; Knight, Harry C.; Agee, Owen F. 127
Syphilis, the combined use of fever and chemotherapy in, by Terrece E. Billings 127
Syphilis, the great masquerader, by John A. Kolmer 335
Syphilis, the present status of the five day intensive treatment of, by Harry C. Knight 131
Syphilis, the treatment of early, by means of eight weeks' mapharsen therapy with bismuth, by Owen F. Agee 134

—T—

Taquino, George J.—The diagnostic and therapeutic possibilities of bronchoscopy 291
Thrombophlebitis, aseptic antenatal, by Melvin D. Steiner 385
Tropical diseases of the war areas, the distribution and epidemiology of important, by Albert Miller 93
Tropical medicine in the United States as a result of the war, by Ernest Carroll Faust 93
Tropical medicine, symposium on, see Faust, Ernest Carroll; Miller, Albert; Walker, A. J.; D'Antoni, Joseph S.; Napier, L. Everard; Senekjie, Harry A. 93
Tuberculosis in the human lung, the evolution of, by Chester A. Stewart 1
Tuberculosis, pulmonary, pneumoperitoneum in the treatment of, by B. M. Stuart, R. L. Pullen, J. L. Wilson 61
Tuberculosis, symposium on, see Stewart, Chester A.; Brown, R. Alec 1

—U—

Ulcer, peptic: psychosomatic and medical aspects, by Robert A. Katz 262

—V—

Visual field studies, central, the value of, over the conventional type, by Shelley R. Gaines 176
Vitamins, the effect of, on the intestinal function, by L. D. Wright, Jr. 400

—W—

Walker, A. J.—Malaria 98
Warren, Edgar—Certain etiologic factors concerned with headache 389
Watt, James—The diagnosis and treatment of acute diarrheal disorders 438
Watters, T. A.—The patient-physician relationship 122
Weed, Lewis H.—Some postwar problems in medical education 43
Weinstein, B. Bernard—Some problems of pediatric gynecology 495
Wilson, J. L.—Clinico-pathologic conference (Wilson, Dunlap) 552
Wilson, J. L.—(Joint author), see Stuart, B. M. 61
Wright, Jr., L. D.—The effect of vitamins on the intestinal function 400

—Y—

Yellow fever subjects, the permanent presence of specific immunizing antibodies in the blood of, by Rudolph Matas 9
